A Commitment to Compliance, Quality & Education

Since 1986, YPRO's mission has been and remains to assist healthcare organizations in navigating through an ever-changing regulatory environment. YPRO is set apart from other consulting firms due to our unprecedented commitment to compliance, quality, and education and to you, the client.

COMPLIANCE:

In this constantly changing regulatory environment you want a company that understands the latest regulations to be working with your staff. YPRO Corporation prides itself on being the first company in which each team member has been certified as a CCP (Certified Compliance Professional) from the Healthcare Fraud & Abuse Institute. Through teleconferencing and meetings, YPRO strives to keep each team member aware of all changes and new information regarding compliance, privacy, and coding issues. YPRO understands compliance and can assist you with your compliance needs.

QUALITY:

YPRO Corporation provides a quality product because of the quality of its consultants. YPRO Corporation's team of professionals is accredited through AHIMA and certified as CCP's (Certified Compliance Professionals) from the Healthcare Fraud & Abuse Institute. Each consultant is subject to an intensive interview process testing their technical abilities and professional demeanor. Our consultants are veterans in their field of expertise. We are proud of our staff and confident of their abilities to assist you.

EDUCATION:

YPRO Corporation's commitment to education starts with our own staff.
